Honoured Sir,

We the humble servants of Plague Department beg to submit this petition for your kind consideration and to show your kind mercy towards us.

At the very commencement of outbreak of plague in this station in the year 1898 we were appointed as Supervisors under your direct control, and we were working up to this time in the same department facing all dangers in the midst of this infectious disease; we beg to say that some of the Supervisors and our relations were preyed by this disease during the 1st and 2nd outbreaks of plague and we withstood up to this counting our lives uncertain against this dangerous infectious disease and served honestly and faithfully to the Government for the last 22 years.

At last our services were dispensed with after one month's notice owing to the Department to be amalgamated with the Municipality. We beg to remind your honour if we had worked as peons in any department under the British Government we would have atleast entitled either to pension or to any gratuity.

We therefore approach your mercy to kindly help us by means of any gratuity which you can afford and thus relieve our difficulties in this famine time.

For which act of kindness and charity, we shall

ever

ever pray for your honour's long life and prosperity.

I have much pleasure in granting this testimonial to Mr. Hoffeez Khan, plague Supervisor. I have known him for the past fifteen years & he has worked under my direct supervision for about 8 years.

He is an experienced, hard working, intellient and trustworthy subordinate. He has a good knowledge of rat dissection for Bacterrological purposes

He can be relied upon to carry out the duties of plague supervision thoroughly. Further-more as he can ride a bycycle and possesses one, he can cover ground quickly and thus get through a greater amount of work.

I would strongly recommend, that with incorporation of the Plague Department with the Healt Section of the Municipality, his services be retained

SIR,

With reference to your letter No.10656/293-1920 dated 17-12-'21 forwarding eight applications for compensation pensions and gratuities , on behalf of the persons, thrown out of employment, on account of the reduction of temporary plague establishment, of the C & M Station, Bangalore, I have the honour to state as follows:-

1. The temporary establishment may be considered to have been paid from the General Revenues for the purpose of -- Article 361-A of the Civil Service Regulations, in the circumstances stated in para 2 of your letter and there is no objection to the sanction of pensions and gratuities to the individuals by the Hon'ble the Resident, under the powers delegated by note (b) to article 361-A of the Civil Service Regulations. It is, however, pointed out that the recovery of one-fourth of the cost of the establishment, from the Municipality, did not include the liabilities, on account of leave allowances and pensions, as the establishment was only temporary, for which no such charges were anticipated. Vide article 386 and note thereunder. It is, therefore, open to the Hon'ble the Resident, to fix the pensions

and

and gratuities at a lower rate, in consideration of the above fact.

2. (i) The amount of pension admissible in the cases of B.Kanakiah and Rahim Baig, should be Rs.6-11-0 and Rs.4-5-0 per mensem and not Rs.6-8-0 and Rs.4-5-4 per mensem, respectively.

(ii) No gratuity would be admissible to Shaik Musthan as he was only a cooly on Rs.7/- per mensem. (Vide the rulings in the Supplement to the Civil Service Regulations, under articles 350-352.)

3. As the applicant D.S.Pitchai Pillay would appear to be still in the permanent service in the hospital establishment the question of his retirement does not, at present, arise. With regard to the question as to whether the allowance of Rs. 25/- drawn by him for his additional duties as 'store-keeper' of the plague establishment will count for pension or not, it may be decided at the time of his final retirement.

4. The eight applications for pensions and gratuities received with your letter, are returned herewith.

I have the honour to be,

To

The Residency Surgeon,

Sir,

With reference to the proposal of granting gratuity to some of the employees of the Plague Department, I beg to submit this my application for favourable consideration of the Hon'ble the Resident in Mysore, Bangalore.

I was a store-keeper in the Plague Department for 11 years. Had it not been for the amalgamation of the Plague Department with that of the Health Section of the Station Municipality I should be even now continuing to hold the appointment as I gave no cause for any complaint. By my accepting the Store-Keeper's post on Rs25/-(to be attended to during my leisure hours) in addition to my legitimate duty as Assistant Purveyor and clerk of the Hospital, there was a regular and recurring savings of Rs600/- a year as all my predecessors were drawing Rs75/- for the same work since 1898. The increase to my pay in the Hospital Establishment which I had one and a half months after the abolition of the Plague Store-Keeper's post should not debar me from my getting the gratuity which I now request, because (1) the increase was not given to me to compensate the loss I sustained in consequence of the amalgamation of the Plague Department but purely as a departmental routine, (2) I was clearly made to understand that I should do the work of the Plague Store-Keeper during my leisure hours (Vide Residency Surgeon's letter) copy attached for reference. (3) By my receiving Rs25/- for store work I was debarred from drawing the personal allowance granted to me by the Government of India on the recommendation of the Local Government and also the War and Grain Compensation allowances which were given to all for

high prices of

food articles and when considering the loss of the above-mentioned allowances it could be seen that I was paid only Rs20/- on an average for the responsible work I had to do in the Plague Department. (4) My pay of Rs25/- as Plague Store-Keeper was not taken into consideration when calculating my increase in the recent revision but I was debarred from receiving the benefits which the other clerks enjoyed.

Under these circumstances I request you to kindly recommend my case to the Hon'ble the Resident for treating it in the light of Article 435 C. S. R. and to grant me a gratuity of 11 months' pay for the responsible work I performed in the Plague Department since July 1909 upto the date of the amalgamation.

==========

Granting the Hon'ble the Resident sanctions the pensions and gratuities to the extent admissible by treating them as if they were permanent servants, the total amount payable will be approximately - Pension Rs. 26/= per mensem and Gratuities Rs. 140/= for the discharged supervisors alone - vide list attached. ~~Names~~ None of the peons will be entitled to anything under Article 481 C.S.R. as they have only put in a service of less then 5 years. As for coolies, their services are considered to be purely manual and they are classed as labourers on monthly wages, having no claim for pension or gratuity. Even granting the Residency Surgeon recommends anything for these men, he can only pick out 3 out of the whole lot of 18 men in this class, viz, Narainsamy, Shaik Musthan, and Muniswamy, in the ~~H.O's~~ Health Officers list as the others have put in less then 5 years' service. They may get a gratuity of Rs. 21, 42 and 21 respectively. This will raise the gratuity figure to Rs. 224/=.

paid from Ground Revenues, 6 of approval, the A.G. Madras, may be finally consulted as to whether the Resident can sanction of the Govt of India.

As regards the case of storekeeper Pitchai pillai please see his petition and Art. 435 C.S.R. He has rendered service as storekeeper for 11 years, 1 month + 15 days and is recommended for a gratuity of 11 months' pay. under Articles 471 & 474(a) C.S.R the gratuity recommended is inadmissible. except under the orders of the Govt of India.

This case may be referred to the Asstt: Surgeon for his remarks

Please see the Late supervisor Haffiz Khan's petition. The Resy: surgeon says that this man is not willing to give information or fill in the gratuity form. According to his own statement though he had been entertained in 1898 he resigned his post on 15-11-1917 and was re-entertained on 15-5-1919. The statement prepared in the Municipal office shows his service as 1 year + 3 months. Perhaps he may be informed that he should appear before the Residency Surgeon and get the gratuity form filled in and submitted thro' the latter to this office for consideration.
